

THE DIFFERENCE

Middle School Parents, you're not in Kansas ... uh, Elementary School ... anymore.

If you're new to middle school, you might be surprised to hear that parent involvement is pretty different than it was in elementary school. And that's not a bad thing. You're ready, right?

Here at Skyridge, the Associated Student Body (ASB) does the lion's share of fund raising and event planning. Sky PTO adds to their efforts by raising money for Staff Grants, which fund projects & programs, and for Staff Appreciation, so our Skyhawk staff knows how wonderful we think they are.

Together, We Are

SKY PTO

Supporting Students & Staff EVERY DAY.

ONE EASY DONATION: Rather than pestering you with numerous fundraisers, Sky PTO raises most of its money through a "Direct Drive." It's a straightforward ask for monetary donations with no strings attached. In fact, your gift is tax-deductible and may be eligible for employer matching. Every dollar benefits our school. For a donation form, please visit the front office or see skypto.weebly.com/grants.html.

STAFF APPRECIATION: We love to lavish attention (and food) on our staff. To bring a dish, drink, or item to an upcoming event, sign up through links provided on Facebook and in school newsletters.

SPIRIT WEAR: Sky PTO sells Skyhawk-themed clothing and accessories throughout the year. For this year's order and delivery schedule, as well as an order form, please see our flyer in the front office or stop by skypto.weebly.com/spirit-wear.html.

DINE-AROUNDS & EVENTS: From time to time, we hold low-key, low-stress family events, including "Dine-Arounds" (a.k.a "Dinners Out"), where local restaurants and food vendors return a portion of the proceeds on a given day. Our aim is to capitalize on the activities you're already doing in a fun and fresh way.

MAKE A DIFFERENCE

OUR IMPACT: Skyridge PTO helps to make our school a place for students to thrive. We do this by supporting our staff so they can focus on what's important – our kids. Here's a glimpse of recent donations we've made to school projects and programs:
